## 2014 De LISIO QUARTERBACK RED

De Lisio Wines is a proudly family owned and operated McLaren Vale winery, founded in 2002, and continuing to produce award-winning, highly sought after wines.

Winemaker Tony De Lisio has viticulture's tendrils snaking their way through his family in South Australia where he first grew vines in Clarendon with his father, as well as back in his native Italy where De Lisios continue to tend vines and orchards around Castellino.

**Quarterback delivers soft, well-worn leather with tart black-currant and blackberry in a strong first run. Come back for more and you'll be greeted by prune, cherry and strawberry, backed by charcoal, toasted caramel and toffee apple.**

Teamwork is the inspiration for this blend, all working and pulling together to achieve what is necessary to become a winner. The four mainstays of McLaren Vale meld together to form this uneatable team. Celebrate when your team has achieved that triumphant wine, as a reminder of what can be realized with teamwork.

Vintage	<b>2014</b>
